TERRORISTS ATTEMPT LIFE OF THE CZAR

Smuggle Two Packages of Dynamite Into Emperor Nicholas' Palace.

EXPLOSIVE PLACED AT RULER'S OWN DOOR

Revolutionary Leaders Corrupt Soldiers and Members of the Secret Police

Would-be Assassin Disguised as Guard—Wears Infantry Sword Instead of Saber, and Reveals Daring Plot.

St. Petersburg, April 6.—At last incriminating documents were found in the terrorist's hands. The terrorist had succeeded in passing through the cordon of guards about the Czar and in smuggling high explosives into the palace itself, and as a result there is a feeling of apprehension among all of the higher officials and the guards about His Majesty and the guards about His Majesty.

A searching inquiry was at once instituted with the result that twelve secret police agents were arrested as accomplices and all were hurried to the Peter and Paul fortress, where they were interviewed by general Trepov, who was in command, noticed that one of the Cossacks who had been posted at the main door of the residence, was wearing the sword of an infantry officer and not the sabre of a Cossack. He thereupon called a Corporal and placed the man under arrest. He was at once searched and found to be unarmed.

The fact that the terrorists have succeeded in corrupting members of the secret police and soldiery has caused much alarm and another attempt against a high official is believed to be imminent.

Japan Destroyer Launched.

Tokio, April 6.—The torpedo boat "Kure" was successfully launched at Kure today.

EARLY CLOSING.

Fremont, Ohio, April 6.—The 10 o'clock curfew passed recently by the city council is now in effect and each window in the city closes at 11:30 prompt each night.

THIRD

Trial of Nan Patterson

Begins Next Saturday Before Recorder Goff.

HER FATHER AND WIDOW OF CAESAR YOUNG CALLED BEFORE GRAND JURY.

New York, April 6.—The third trial of Nan Patterson, charged with the murder of Caesar Young, will begin on Monday before Recorder Goff, according to the announcement made at the district attorney's office this morning.

The grand jury had before them this morning John R. Patterson, father of the chorus girl, for over an hour and a half. Mr. Patterson was brought before the body on a subpoena issued soon after the receipt of the mysterious letter signed "H. L." found among the effects of J. Morgan Smith and his wife when they were arrested in Cincinnati.

What significance the calling of Mr. Patterson may have as well as a visit this morning of Mrs. Young, wife of the dead man, to Assistant District Attorney Rand is mere conjecture.

It is known, however, that Mrs. Young called at the earnest request of the assistant district attorney. It is believed, for the purpose of comparing the hand writing of the letter with that of persons whose names have already been mentioned in the

LEADER

of the Foraker Forces Appointed By Moody as a Spanish Claims Attorney.

Bowling Green, Ohio, April 6.—Mr. Foraker simply recognizes the appointment as an attempt to interfere in his interest of a tried and true friend.

Mr. James' doings in the Department of Justice will be to represent the government in the adjudication of some 600 claims brought by citizens of the United States before the Spanish Treaty Claims Commission. His duties will probably take him to Madrid, Spain, and Havanna, Cuba. He will report to the Department of Justice at Washington, D. C., about the last of this month.

PEACE

Is Expected to Come Soon.

Czar Stands Alone for War

But Must Yield to His Family and Ministers

NICHOLAS DOES NOT WANT TO SURRENDER HIS HOPES OF ULTIMATE VICTORY.

Berlin, April 6.—Peace at an early date is regarded as probable by the German embassy at St. Petersburg, the Associated Press is informed, and in consequence of dispatches received from there by the government during the last three days, this

opinion circulates in official circles for the first time since the war began.

The Russian emperor, it is true, has not yet decided for peace, but the grand dukes and all, or practically all, the members of the court who have access to the emperor, are for peace.

His majesty is described in the gossip that goes about here as standing alone, irresolute. The conditions that still delay his decision are personal ones he feels that his reign is a failure if Russia does not win the war, and that his prestige as a sovereign will be lost at home and in foreign countries, but he cannot but bring himself to speak the word that will set the peace negotiations in motion.

Much good will and sympathy are felt for the Russian emperor in higher official life here but it is regarded as a certainty that he must yield to his family and ministers and that the month will not end without peace.

In the meantime the prospect of peace and the uncertainty of the emperor weakens the military administration and delays the execution of plans for fresh arms and the gathering of new supplies.

RAY STEADILY IMPROVES.

Canton, April 6.—Secretary Hay and Mrs. Hay, who are staying at the Hotel Isotta, took a drive this morning. Mr. Hay is looking better every day and says the bracing air is invigorating him.

SNOWS FOR WINTER.

Upper Sandusky, Ohio, April 6.—A record of the weather kept here the past winter shows that we have had forty falls of snow, or 23 more than last winter. The first fall of snow was noted October 23 last and the last one March 14. January holds the record for 15 snow falls.

STATE LIABLE FOR MOB'S ACT

Sued For \$5,000 Under Lynching Law for Killing of Otto Mischke by Negroes.

Fremont, April 6.—Rudolph Mischke, administrator of the estate of Otto Mischke, the young man who was killed here in May 1903, in a party of colored men during the labor

strike, has brought suit against Sandusky county to recover \$5,000 under the lynching law, section 4426, which reads that in any case where a party is killed by a mob, the estate of the deceased is entitled to \$5,000.

TOM

Johnson Has a New Idea.

He Grabs Dunne's Municipal Ownership Plank.

SCHEME PROVED A SUCCESS IN CHICAGO—CLEVELAND'S MAYOR BELIEVES IT WILL WORK AGAIN.

Cleveland, April 6.—Planned a double wedding last Sunday disappearance this morning of Christmas but the parents of the Miss Phoebe Simmons and Miss Opal young ladies objected. Marriage dinner, daughters of prominent genses were secured yesterday and residents of Hope, was simultaneous the four went to Alexandria, Ind., where they were married today at a church, brothers and picture agents, the home of the parents of the two.

The two couple met one year ago and grooms.

a result of recent experiments by the trolley company.

The mayor has long favored municipal ownership. Of late he has fought for a municipal electric light plant. The light will now be carried to the trolley lines, according to the mayor.

PASTOR'S UNIQUE IDEA.

Dayton, Ohio, April 6.—Rev. F. N. McMillen, a Presbyterian pastor of this city, has issued cards of invitation to the 122 couples he has united in marriage during the past seven years, to attend a special service in their honor at his church.

PAPERS

All Had to Eat Crow.

Findlay Dailies are Bluffed By an Advertiser.

Refused the Advertising But Was Forced to Come Down.

NEW DEPARTMENT STORE PROMPTLY MADE ARRANGEMENTS TO PUBLISH ITS OWN NEWSPAPER.

Findlay, March 6.—A large department store recently started in Findlay and succeeded in breaking up a so-called "protective association," said to exist among the local merchants.

To do this the new store started slashing prices right and left. Last week they went to Postoria, which is connected with Findlay by trolley, and endeavored to get advertising in that city. The Postoria papers refused to accept the "ads" and handbills were hurriedly distributed throughout the town.

Coming back to Findlay at night, the advertising man went to the Findlay papers to hand in the Saturday copy. They were met with a statement that the advertising could not be accepted, as other local merchants had combined and noticed the news papers that, in case the department store was allowed to run its advertising, they (the local merchants) would absolutely refuse to use the papers as advertising medium.

Alredy thoroughly aroused by the action of the Postoria newspapers, the answer from the department store men was brief and straight from the shoulder.

"Very well, you will either accept our advertising matter or we will start a newspaper."

This staggered the newspapers, but they held their ground.

True to their word, the department store company immediately opened negotiations for the introduction of a newspaper in Findlay.

Then the business managers very rapidly thawed, humbly requested that further action be deferred and that the advertising matter be turned over to them, which was done.

The Texas legislature has made an appropriation of \$15,000 with which to fight the Standard. The money will be expended under the direction of the attorney general. As the Lone Star state has heretofore done considerably in the line of trust busting, it is pretty certain that the funds appropriated will not be wasted.

If Dr. Washington Gladden forced one of the Standard oil magnates to give a statement regarding the business of the octopus that is something no other person ever did.

IN OFFICE

His Four Predecessors Died and Mittenbuhler Tried to Hang Himself With a Cord.

Norwalk, Ohio, April 6.—Charles Mittenbuhler, of Plymouth, a director of the Huron county infirmary, attempted to commit suicide last night by hanging himself. He tied both ends of a stout cord to a ladder in his barn and slipped his head through the loop. In some manner the rope twisted and the body fell to the floor. Mittenbuhler's son found him in an unconscious condition. No motive assigned.

Mittenbuhler was chosen to succeed John Miller, who died in office, was re-elected last fall. The previous directors died while in office. Mittenbuhler is still in a comatose state and is not expected to live.

ASKED FOR ADVANCE

In the Valuation of His Property for Taxation Purposes.

Cleveland, Ohio, April 6.—Thomas F. Simmons, a wealthy brass founder, had the unique distinction today of astonishing the Board of Review by asking that the valuation of his property be advanced. For five years he has insisted that the valuation of his property was ridiculously low. "If you will assess others at 60 per cent, let there be no discrimination or favoritism. Treat all alike."

ELOPED FROM POOR HOUSE

Cupid Did Not Bother to Consider Conventionalities in This Mating.

Potusville, Pa., April 6.—Promoted by the spring malady of which the poet sung and a desire to set up housekeeping on their own hook, James Smith and Lizzie Burns escaped from the Schuylkill county poor house last night and eloped. They went to Michigan. It is believed in some way the man had obtained a pass to Detroit.

Both James and Lizzie were inmates of the institution. Their courtship was a joke with attendants and other inmates. No one ever imagined their attachment had reached the degree of ardor which would lead them to run away.

Just how Smith got out of the building is not known. He helped Miss Burns to descend from an upper window by means of a rope ladder.

THE NEW ELECTRIC LINE.

Mr. L. B. May, merchant of Mt. Cory, informs the Courier that fifty teams and a large force of men were put to work this morning in constructing the grade for the new Lima, Findlay and Toledo electric line. The work began near Bluffton and is now proceeding toward Findlay. A large boarding camp is to be established along the line for the accommodation of the men employed in building the line. When the Findlay-Lima link is completed this city will be on a direct

electric line running from Cincinnati to Detroit and from Cincinnati to Jackson, Mich. Work on the road is to be pushed and it is thought the cars will be running over it by September.—Findlay Courier.

FREE RECLINING CHAIR.

The L. E. & W. will have one of the C. & A. famous chair cars on April 1, April 18th, leaving Lima at 9:58 a. m. This luxurious car will be run through to Kansas City and on for comfort of passengers traveling on the last special Homeseekers' excursion, of April 18th.

HERRICK'S RUNNING MATE

Open Contest for Second Place On the State Ticket.

Columbus, Ohio, April 6.—There seems to be a disposition on the part of the Republican leaders to let the nomination for the second place on the ticket be bestowed by the state convention this year just as the other places are—contrary to the usual rule in regard to such nominations. Geographical considerations have heretofore been permitted to have a deciding influence, and the making of a nomination for governor has generally been carried with it the nomination of a certain other man selected in advance for his running mate.

John R. Malloy, who was in con-

ference with Senator Dick A. Akron with Warren Gold Monday said, when asked about the nomination for Lieutenant governor, that the matter was never mentioned. Mr. Malloy even declared that so far as he knew the statement that the candidate for Lieutenant governor must come from the southern part of the state had come from one of the Republican leaders of the state. It is probably also untrue that there has been an agreement, as published, to the effect that George B. Cox has been given the privilege of naming the candidate for Lieutenant governor.

James J. St. John, 61, one of the most prominent citizens of the city, died yesterday in his home. A native of Ohio, he was associated with many other places, and came to Lima in 1880. He has been expected in a few days.

IT ALWAYS HELPS

An ailment like consumption that has been months and years getting a foothold cannot be relieved in a week or day. Scott's Emulsion will always afford relief and often cure, but not over night. The consistent use of Scott's Emulsion will positively help the consumptive at any stage of the disease. We guarantee nothing beyond this, but we know that right living and Scott's Emulsion have done more to cure consumption than anything else. Scott & Bowe, 409 Pearl St., New York.

One new suit, and that being a confessed judgment on a cognovit note made up the day in the county clerk's office. The action was that of the Union Oil, Gas & Refining Company against Harry H. Atkins, judgment in the sum of \$8,680.10 being entered against the defendant.

DEMOCRACY IS AWAKENING

Bryan Says Party Doesn't Need Reorganization But that Progressive Elements Must Be in Control.

Lincoln, Neb., April 6.—"It is a express it, because the party does not getting together of the progressive ele- need re-organization. There is no tie- ments of the party in active prelimi- natorial division calling for separate nary work for the great battle of efforts but the movement is to get back 1908," said William Jennings Bryan to the people, to put the radical and in explanation of his recent activity in progressive element in more complete connection with plans for the Demo- control, that there may be united cratic campaign of 1908. Mr. Bryan harmonious efforts for the campaign returned yesterday from Des Moines of 1908. The purpose is to begin at 1908. The purpose is to begin at and it was with particular reference to the bottom, letting the rank and file to the meeting held there Saturday have a voice in the national conven- night at which he made the principal tion by writing the platform at home address, that he spoke. Mr. Bryan ex- for the national convention to ratify" Mr. Bryan said he was not trying plained that the Des Moines meeting like the one held at Topeka, Kansas, to head a faction or change the or- ginate in February, was to further a ganization further than that he wanted movement for the organization of the progressive men of the party to Democratic clubs. In Iowa, he said, take the lead. The conservatives, he the same plan had been adopted as in said had dominated the last national Kansas, with both of which he was in convention, and the party had met hearty sympathy.

"Reorganization," continued Mr. Bryan, "is hardly the proper way to file of the voters was for progression and radicalism if need be."

anybody else wants to hold—Spring-
field Sun.The Sun man dare not say that to
his best girl.—Marion Star.Down at Springfield, Sunday, the
Y. M. C. A. discussed the question—
"Can I afford to marry?" In the
absence of any information on the
subject from Springfield it's to be
presumed that the judges took the
common sense view and decided that
anybody can afford to marry if he se-
lects the right girl. As a matter of
fact, a man cannot afford not to
marry if he's lucky enough to get the
right wife.—Marion Star.A French scientist argues that
the future man will be legless, so
little is man using his feet in loco-
motion. We don't know about that.
A Lima man put a pedometer in his
pocket the other evening and went
to a dance. When he reached home
he found he had gone fifteen miles.
And this naturally brings up the
query as to what will be the probable
attitude of the church in the future
toward the amusement which is doing
its utmost to save the legs of the race.

PURE FOOD LAWS.

Says the Findlay Courier:—The
death of a little child in this city and
the serious illness of its parents, re-
sulting from potassium poisoning caused
by eating canned salmon emphasizes
the fact that there should be a more rigid inspection of
articles used for human sus-
and a sterner and enlarged
enforcement of the pure food
laws of the state. This is especially
true of foods that are packed in tin
cans. Death and disease lurks in
many of the edibles that are sold in
tin cans although they are often la-
belled "strictly pure." The label of
purity does not always make them
safe or proper articles of diet. A thing
may be pure and yet be deleterious to
health. Arsenic may be chemically
pure and yet taken into the human
stomach it will cause death. There
are very few prepared articles of food
that are not more or less adulterated.
True, many of the adulterations are
harmless nevertheless there is a cheat
in the sale for the purchaser does not
in fact get what he supposes he is
buying.Age has considerable to do with de-
veloping poison in many articles of
food that are sold. Kept in cans for
a long time they deteriorate and fre-
quently through imperfect packing
fermentation and decomposition take
place to such an extent as to make them
dangerous to health and often
causing death. As we stated in the
outset a more careful inspec-
tion of canned goods should be made and
nothing that shows the slightest taint
or evidence of impurity should be per-
mitted to be sold. Confiscation and
destruction of such stuff should be a
part of the law's operation. The health
of people should be more carefully
guarded by the elimination of all im-
pure or unwholesome foods.

MUNICIPAL OWNERSHIP
IN CHICAGO.The election of Judge Dunne as
Mayor of Chicago is a significant vic-
tory for municipal ownership. More
significant than it would have been
had Harlan been elected, although
Harlan, too, was running on a mu-
nicipal ownership platform.This was the principal issue in Chi-
cago campaign, the difference being
that Dunne was flat-footedly pledged
to an immediate campaign for mu-
nicipal ownership and Harlan favored
municipal ownership at some definite
time in the future when the people
were ready for it, and capital was
willing to let them have it.The result indicates clearly enough
that the people of Chicago are ready
for it now. And we believe the people
of Chicago have made greater pro-
gress in municipal politics than the
people of any other large city in the
country.The popularity of public ownership
utilities will be affected materially
by what Chicago does under the lead-
ership of Judge Dunne; and it is a
fortunate thing for the country that
he is a strong, able, courageous man
whose integrity is unquestioned.In the Chicago campaign and its
results, frenzied financiers who have
been overlaying the street railway
game will find food for reflection.The people are wiser than they
were and the get-rich-quick game of
franchise promoters will soon go the
way of the shell and other skin games,
which served their purpose only while
the wits of the Renbens were wool-
gathering.Municipal ownership is one answer
to the outrageous watering of street
railway securities by private corpora-
tions.The argument that public ownership
is more expensive, extravagant and
wasteful than private ownership, falls
to the ground when private ownership
predicates \$12,000,000 of bonds and
\$12,000,000 of stock on less than
\$4,000,000 of property, and makes
the people pay interest on all
these millions of water, which repre-
sents a franchise which the people own
and give away for nothing.Chicago won't get what she wants
all at once. The street railway mag-
nates still find the courts a powerful
weapon in their game of greed. There
will be a fight, but it will be an edu-
cational fight.The people of other cities will learn
something by watching the fight in
Chicago, and the result may be bet-
ter courts, better legislatures and
more representative government.

ELECTROCUTED IN MIDAIR.

Columbus, Ohio, April 6.—Jack
Waterman, a lineman for the Public
Service company, was electrocuted
here today on top of a sixty foot pole
and George Smith, his fellow work-
man, had his hands tightly burned
by contact in contact with a high
tension wire. Both men received the
same voltage, but Waterman received
the contact on the spinal column.

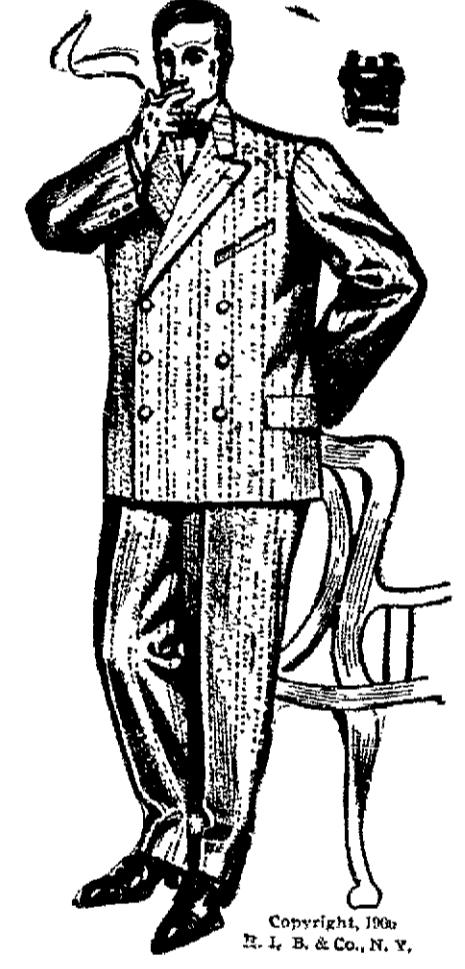

DIED IN A STREET CAR.

Cleveland, O., April 6.—A boy
died of pneumonia in the arms of Mrs.
J. L. Hammond, his mother, of Cleve-
land, this afternoon, as she was
riding in an electric car preparatory to
a trip to Sandusky. When the mother
discovered that the child was dead
she collapsed.

HYMEN'S MANY FAILURES.

Cleveland, O., April 6.—Cuyahoga
County records show that last term
297 petitions for divorce and alimony
were filed, which breaks all records
here. In all, 268 divorce cases were
disposed of, 91 less than filed. The
divorce docket is growing rapidly.

ON NEWS.

Findlay Courier.—The new field near Leamington, Ontario, Canada, is attracting many Ohio operators and a busy season in this section is anticipated. Emmerson and Tom Priddy left Tuesday for Leamington, where they will look over the situation. Smith and Gore, the well known contractors shipped a drilling rig to that place this morning. The Colley and Findlay Iron Works of Lima and Cygnet, are installing shops at Leamington. Mr. J. J. Hartigan, manager of the concern, has purchased a hoisting derrick from the well known firm of Bigelow and Davis, which will be shipped to the Dominion.

The Independent Glycerine Company recently organized in this city will locate their local factory on the Coons farm in Marion township. A factory for the Indiana field will be built simultaneously near Muncie. The main offices will be in Findlay, in the room on west Front street, vacated by the Western Department store.

BIG OH! GUSHER.

Mount Vernon, Ohio, April 6.—The Clark company, of Pittsburgh, made a big oil strike in the Tissandor field near here, the oil spouting 50 feet above the derrick. The force of the oil burst the tubing and hundreds of barrels have been wasted. Scores of companies throughout Ohio have leases in the neighborhood.

SUNSHINE IN LIQUID FORM

Inventor of Treatment Will Administer It to Dr. Harper.

New York, April 6.—Dr. William Stanley Harper, president of the University of Chicago, will take his first "liquid sunshine" treatment tomorrow. The mysterious fluorescent substance will be administered to the famous educator in the office of its discoverer, Dr. William James Morton, at east Twenty-eighth street. There will be present besides Dr. Morton Dr. Frank Billings, of Chicago, and Dr. Shauster, both of whom accompanied Dr. Harper from Lakewood to New York.

The application of concentrated X-rays will be administered by Dr. Morton, the case being too important to trust to the management of any subordinate.

The patient will drink a quantity of the greenish-yellow liquid known as "liquid sunshine," after which he will lie on a couch in the current of the X-ray machine. The treatment will be continued for ten minutes and the current will be gradually increased until the patient's body is aglow with the strange yellowish light generated by the new force.

It is this light which is believed to contain certain properties under which the cancer germ is destroyed. The treatment will be repeated each day during Dr. Harper's stay in New York and if found to be beneficial will be continued after his return to Chicago.

The treatment of "liquid sunshine" is in an experimental stage. Dr. Morton discovered "liquid sunshine" a year ago.

WEDDING.

Next Tuesday evening at 7:30 o'clock at the home of the bride, will occur the marriage of Miss Charly Mitchell and Mr. Howard Dean, of the Lima Trust company.

Rev. Curry, of the South Side Presbyterian church, of this city, is now in Columbus in connection with a call which has been tendered him by the Ohio Sunday School Association, with a view to its acceptance. It seems that the secretaryship of the association has been offered him, and that his visit to the capital city is for the purpose of making a thorough investigation of the duties, requirements and remunerations of the office. It is probable that its acceptance would necessitate the removal of Mr. Curry from this city to Columbus.

Box 41, Main and Elm streets, rang at 6:35 last evening for a small blaze in the Commercial block. A lamp in one of the rooms on the third floor gave evidence of getting in shape to explode, and was tossed out into the hallway, where it would have a better chance to get off escape in event it should develop a fire. Fortunately, however, no such catastrophe occurred.

That it is

RESTRAINED BY COURT'S ORDER

Grand Lodge of Locomotive Firemen Cannot Revoke Charter of New York Branch.

New York, April 6.—Judge LaFerriere today, in the U. S. circuit court, issued an order restraining John Q. Mahanah, Charles A. Wilson and all other officers of the grand lodge of Brotherhood of Locomotive Firemen from revoking or cancelling the charter of Just-in-time lodge 149, of that order of which many of the motormen, guards and switchmen in the employ of the Interborough Rapid Transit company, were members at the time of the strike March 7th, last. The order of Judge LaFerriere also restrains the officers of the grand lodge from suspending or expelling any members of this lodge. It is also ordered that defendant show cause, Friday next, why the injunction should not be made permanent. The suit to restrain the grand lodge is brought in the name of Harry E. Pinney and others. There are sixteen affidavits accompanying the papers filed in the suit, each signed by a motorman, guard or switchman who was in the employ of the Inter-

borough company at the time of the strike, each of whom asserts that he was not engaged in the strike and gives some reason why he did not work on the first day of the tie-up of the road. One says he reported for work and was clubbed and driven away by policemen. Another, a switchman, says he was discharged because he refused to serve as a motorman when on the previous day he had failed to pass an examination for such a position. Other motormen say they refused to work because the windows of the motorcars were covered with netting, obstructing the view of the motorman, that the emergency cords in the cars were removed and incapable and inexperienced men were employed as guards. The petitioners aver that they are insured in the lodge, most of them for \$1,500, and that if the charter of the lodge is revoked, they will be deprived of the benefit of insurance and sick benefits and their families of the death benefit.

Passenger officials of the Vanderbilt lines have been in New York this week talking over time card and other matters, and some are of the opinion that the Lynch matter will be settled before this meeting is concluded. If Mr. Lynch is sent to the New York Central, the jurisdiction of Chas. F. Daly, passenger traffic manager, will be extended over the Big Four

ACTS AS A STAY OF EXECUTION

FILING OF WRIT OF ERROR SUSPENDS CARRYING OUT OF MRS. CHADWICK'S SENTENCE.

Cincinnati, Ohio, April 6.—A decision handed down by Judge Lurton in the United States court of appeals today sustains the contention of ex-Federal Judge Wing, of Cleveland, that the filing of the writ of error in the case of Mrs. Cassie Chadwick of itself suspends execution of the ten-year sentence in the case and that no formal application for a writ of it will be reached before fall.

Judge Wing expresses the belief that the case may be argued in May but others are inclined to think that it will be warmer in the Mississippi Valley Thursday. Forecast for Thursday and Friday:

OLDFIELD'S AMBITION

IS TO GO ONE HUNDRED MILES IN A RACING CAR AT THE RATE OF A MILE A MINUTE.

Cleveland, April 6.—Barney Oldfield arrived in Cleveland yesterday and will spend three or four days superintending the construction of his new racing car, the plans for which have been completed.

When queried yesterday as to his plans for the summer, Barney said I expect to have the busiest season of my racing career, and it is my ambition to be the first man to make every distance up to and including 100 miles for one continuous drive at a mark less than a mile a minute. This I expect to do before the season closes."

THE OLDEST ELK

In the United States is George Barney, of Elkhart Ind.

Elkhart, Ind., April 6.—The oldest Elk in the United States is a member of Elkhart Lodge No. 425. George T. Barney was born in April, 1823, and therefore is nearly 82 years old. There is no member of Elkhart lodge who takes a keener or more active interest in the affairs of the order or who is more regular in attendance. No social session goes by without Mr. Barney being present. He is as young in capacity for enjoyment as any Elk 25 years of age. Mr. Barney is a retired lawyer. He is a Mason and a member of the Mexican Veterans' Association. Recently there was buried in Connersville, Ind., Mr. Anthony Watts, who was given a medal at the Grand Lodge meeting of Elks in Cincinnati last summer for being the oldest Elk. Mr. Barney is older than was Mr. Watts by from April to August, the latter having been born in August, 1823. Mr. Barney, however, did not learn of Mr. Watts being given the medal until after the Grand Lodge meeting.
